

ALL-NEW SHAMU SHOW OPENING SPRING 2011

one ocean™

Dive into a multi-sensory celebration of life beneath the sea at our all-new Shamu show, *One Ocean*. With majestic killer whales as your guides, you'll journey into a world that drenches your senses in the vivid colors, vitality and rhythms of the ocean. As this exhilarating show educates, inspires and connects you with thrilling sea creatures, you realize we're all part of one world, one ocean. And when united, our souls are ignited in this unforgettable experience.

“One Ocean” will connect guests to the sea with a new level of energy, excitement and vibrancy as it educates and inspires. Featuring majestic killer whales as ambassadors of the sea, and the ocean as the center of our natural world, the new show will connect guests with these remarkable animals and immerse them in the vivid colors and sensations of the underwater world. At the core of the show is the unifying message that both animals and humans are part of one world, with one ocean, and its future is in our hands to cherish and protect. “One Ocean” premieres at **SeaWorld Orlando** at the end of April 2011.
